VERY GOOD

„Exceptional Converters“

“[...] from the very first minute of playing the Direkt Einklang convince the listener with a broad-band sound performance. The sound of the bass range is sophisticated with distinct impulses, and it offers on top substantial volume with adequate depth. Vocal and narrator voices are being reproduced in a highly expressive way [...].”

“[...] provided that both speakers are accurately positioned towards the listening position, they reveal a fantastic stereo panorama that convinces the listener with outstanding depth and extraordinary locating capacity [...].”

CONCLUSION

“With the creation of the Direkt Einklang, Heco has shown the courage to try the unusual and has come up with a veritably exceptional sound converter. Those who let themselves in for the particular sound characteristics of such a speaker, will be rewarded with a kind of music reproduction that perfectly combines an immaculate stage performance with vivid playing fun.”
