TESTED: AURORA 700

[more >>>](#)

Awarded with “Best Buy”

“We appreciate the fresh and unusual design of these speakers, which come in a fashionable satin finish either in ‘ebony black’ or ‘ivory white’.”

“The outstanding neutrality of the high range transmission attracts the listener’s attention from the very first minutes of listening.”

“The Aurora literally ‘disappear’ in their recreated space. ... Isn’t that a godsend for audiophile people?”
